Daniel F. Kelly, M.D. Biosketch

Daniel F. Kelly, MD is Director and Co-Founder of Pacific Neuroscience Institute (PNI) at Providence Saint John's Health Center and Professor of Neurosurgery at Saint John's Cancer Institute in Santa Monica, CA. He is internationally recognized for advancing techniques of minimally invasive "keyhole" and endoscopic brain tumor surgery. He has also overseen development of innovative programs at PNI including the launch of Pacific Brain Health Center in 2018 focused on cognitive, memory and mood disorders, and has been the creative force behind PNI's Treatment & Research in Psychedelics (TRIP) program.
