

## Jeffrey Jumaily

Dr. Jumaily is a facial plastic and reconstructive surgeon with expertise in cosmetic and reconstructive surgery in Beverly Hills, California. He studied medicine at Boston University School of Medicine. After medical school he pursued residency training in Head and Neck Surgery in Boston, Massachusetts, which included work at Boston Medical Center, Boston Children's Hospital, Lahey Clinic and Boston VA Medical Center. Throughout his training in head and neck surgery Dr. Jumaily worked with nationally and internationally renowned facial plastic surgeons to treat adults and children for various conditions requiring reconstructive and cosmetic surgery. Under the guidance of mentors such as Dr. Jeffrey Spiegel, a passion for facial plastic surgery grew. Dr. Jumaily continued his training with a subspecialty fellowship with the American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS) at the University of Toronto where he worked with internationally known surgeons including Dr. David Ellis and Dr. Jamil Asaria at FACE Cosmetic Surgery in Toronto.

Dr. Jumaily strives to contribute to the facial plastic surgery community in order to improve patient outcomes. He has published literature in the field of head and neck surgery and facial plastic surgery. Dr. Jumaily has presented his work at several meetings in North America.

Dr. Jumaily was recognized through several awards, including the Spiegel Award in Facial Plastic Surgery and the Conrad Award in Facial Plastic Surgery.
