

## **Michael Javaheri, MD**

Dr. Michael Javaheri received his undergraduate degree in Neuroscience from UCLA where he graduated summa cum laude with Honors Thesis. He earned his medical degree from the Keck School of Medicine at USC where he was elected to the Alpha Omega Alpha national honor society.

Dr. Javaheri completed a one-year medical internship at Cedars-Sinai Medical Center in Los Angeles, followed by a three-year residency at the prestigious Doheny Eye Institute, USC Roski Eye Institute, and Los Angeles County + USC Medical Center, consistently ranked in the top 10 training programs and eye centers in the country by US News and World Report® for over 20 years. Dr. Javaheri then went on to complete a highly competitive two-year fellowship in vitreoretinal diseases and surgery at the esteemed Doheny Retina Institute at USC where he was awarded the prestigious Heed Ophthalmic Fellowship, a national award given each year to the most promising graduating fellowship-trained ophthalmologists from around the country.

During his residency and fellowship training, Dr. Javaheri also earned his master's degree in Cell and Neurobiology from the Keck School at USC. Dr. Javaheri serves as a Clinical Associate Professor of Ophthalmology at the Roski Eye Institute, where he is involved in the teaching of retinal diseases and surgery. In addition, Dr. Javaheri has authored multiple peer-reviewed publications and book chapters, and has presented his work at major meetings throughout the world.
