Background

Douglas Trask, MD, PhD, FACS is the Director, Otolaryngology – Head & Neck Surgery for Verity Medical Foundation. He earned his medical degree from Dartmouth Medical School and completed his residency at the University of Michigan Medical Center in Ann Arbor.

As an Otolaryngology – Head & Neck Surgery specialist, Dr. Trask treats a wide variety of conditions in the ear, nose and throat. He offers innovative and individualized treatment for his patients. He treats both pediatric and adult patients. His specialty interests include sleep apnea and he is board certified in Sleep Medicine, nasal and sinus surgery, surgical treatment of the thyroid and head & neck tumors.

About Our Programs

The Verity Cancer Programs utilize a multidisciplinary group of highly experienced physicians to give our patients an individualized plan of care that will maximize the likelihood of excellent long-term results. We also work closely with our partners at NantWorks to enroll our patients into cutting-edge clinical trials utilizing novel immunotherapeutic agents.

We offer comprehensive Ear, Nose and Throat care. This will be accomplished in close consultation with your primary care physician.

Our patients deserve timely care and we will see them within one week of consultation at our Los Angeles location.

Currently accepting new patients. Please call for a consultation.
